Ballona Wetlands Restoration Project  
c/o Donna McCormick  
1 Ada, suite 100  
Irvine, CA 92816

Dear Ms. McCormick,

Santa Monica Bay Audubon Society, which has been heavily involved in education efforts in the Ballona Area for decades, concurs with our colleagues at Los Angeles Audubon and other members of the conservation community in opposing the MOU concerning an Annenberg Foundation proposal for a pet and interpretive center at Ballona. We feel that the pet component of the proposal is an unacceptable use of this public land.

Very truly yours,

Lucien Plauzoles  
Conservation Chair
